## About me

I am a rifle shooter and engineering student, blending precision and analytical thinking in pursuit of excellence. With a passion for marksmanship and a solid foundation in engineering, I possess a unique set of skills that include problem-solving, critical thinking, and discipline. My dedication to both fields fuels my drive to achieve exceptional results in all aspects of my life. With a strong foundation in engineering, I have been equipped with the knowledge and skills necessary to analyze complex systems, solve intricate problems, and design innovative solutions.

## Work experience

I worked as an intern at Globetrans Worldwide Pvt Ltd, a logistics and supply chain company, for one year. During my tenure, I successfully streamlined their operation processes and handled operations for companies such as Raymonds and Hathway Cables.

## Achievements

- First rank Rifle shooter in Palghar district for 5 consecutive years
- Two times silver medalist in zonals
- Participated for State level competition for 2 consecutive times
- Bagged 3 golds and 2 silvers in Vasai -Virar kala krida competition

## Soft skills

- Always owed with “can-do-spirit”
- Comprehensive problem solving abilities
- Hard working & creative
- Able to work independently as a part of team after getting trained
